July, 2021

We hope this letter finds you and your family well and in good health. We are proud to announce that Brown Retina Institute has joined Retina Consultants of Texas (RCTX).

Retina Consultants of Texas is a premier retina practice that is known for exceptional retinal care and research. This new partnership means that we will be able to enhance patient care and research opportunities for our patients in the San Antonio community. Together, with RCTX, we now proudly serve our patients and referring providers as the largest retina practice in Texas and the largest research center in the United States.

Over the coming weeks and months, you will start to notice some changes in our office. Please be patient with us at your next appointment as our staff becomes better acquainted with a new scheduling and billing system. It is important for you to bring your insurance cards, driver's license, and most up-to-date information for other physicians participating in your care.

#### **Does this change affect my care in any way?**

**Expect to see the same level of excellence in retina care in a compassionate, caring environment.** We will be implementing some new technologies into our practice, which will ultimately enhance patient care. Please be patient with us as we navigate a new registration/check-in and scheduling system.

#### **When I submit for insurance, what name should I use?**

At this time, you will still be able to identify us as Brown Retina Institute.

#### **What are the names of the physicians at RCTX in San Antonio?**

Our retina specialists in San Antonio include Jeremiah Brown, Jr., MS, MD, Calvin E. Mein, MD, Moises A. Chica, MD, R. Gary Lane, MD, Sarah E. Holy, MD and Darrell E. Baskin, MD.

It is a pleasure taking care of you. If you have any questions or concerns, please call us at 210.693.1063.

Sincerely,

Dr. Jeremiah Brown
